Sifon v okrogli obliki, varilni priključek, G 1/2, CrNi jeklo

Kategorija: Wika
Šifra: **102681RIE**

Kratek opis

Syphon in circular shape with welded connection to the pressure relief side, according to DIN 16282, G 1/2, CrNi steel 1.4571
Suitable as a cooling section for liquids, gases or steam during pressure measurements.
The use of a siphon permits the medium to cool down to a temperature that is compatible with the pressure gauge and protects the gauge against pulsating media. The condensate that forms in the siphon prevents the hot medium from entering the pressure gauge. We recommend filling the siphon with cooling sealing liquid prior to using the pipe.

Tehnične Specifikacije

Konektor z notranjim/zunanjim navojem	Acc. to DIN 16283, a/f 27
Material	CrNi steel 1.4571
Navoj	G 1/2
Pritisk iz pipe	vertical
Različica	Circular, with welded connection on pressure tap side
