Kratek opis

2/2-way solenoid valve, NO, Brass, G14, DN2.5, PN 0-8, FPM, directly operated 12V DC, Med.temp -15 to 100, Ambi.temp -20 to 55

In many areas, such as plant engineering, process technology or filling technology, solenoid valves are an optimum solution for control and regulation of fluids. With this professional standard series, RIEGLER offers fluid valves designed in Germany and produced in Europe. A consistently managed modular system guarantees a broad spectrum of possible valve forms in regards to sealing materials or valve bodies. If you cannot find your required specification in our standard products, please contact us.
