Kratek opis

Air gun with pressure control, POM, with pressure regulator, 90 mm pipe, Temp. range -20°C to 60°C, PN max. 8 bar, Sleeve I.D. 13
Pressure regulating safety version.
Ergonomic grip with a very high blowing force. Several possible hanging points thanks to the modified handle. Robust yet lightweight for a long service life. With its ergonomic design, the gun can be used by both left and right-handed users! The integrated tube regulator reduces the output pressure to a safe value in the event of blockage inside the tube or in case of back pressure (e.g. if the gun is placed on a surface or on the operator's skin).
