

## Zaporni ventil manometra, puša-puša, svetla medenina, G 1/2

Kategorija: [Wika](#)  
Šifra: **102646RIE**

(slika je simbolična)

### Kratek opis

Block valve pressure gauge, Bushing - Bushing, made of bright brass, G 1/2, PN 25 bar, AF 27, max. 50 °C, Test flange 40x5

It is useful to install a stopcock as a shut-off element between the pressure gauge and the pipe.

When the lever is set to the »blow out« position, the medium is discharged into the atmosphere.

Stopcocks with a test port allow pressure gauges to be simultaneously connected to the pipe.

### Tehnične Specifikacije

|                                |  |
|--------------------------------|--|
| Aplikacije                     | For all pressure gauges with a flat gasket acc. to DIN 16258 |
| Navoj                          | G 1/2  |
| Ohišje                         | Brass with a bare metal surface                              |
| Različica                      | female / female, with test flange 40x5                       |
| Ročica                         | Plastic  |
| PN [bar]                       | 25   |
| a/f [mm]                       | 27   |
| Testna prirobnica              | 40x5   |
| Max. temperaturno območje [°C] | 50   |
